Dear Mr. Hoover:

The Seventh Annual FBI Employees Mass and Communion Breakfast will be held on Sunday, April 8, 1956. The Mass will be at 9:00 a.m. at St. Matthew's Cathedral, and the breakfast will be held at the Mayflower Hotel beginning at 10:15 a.m. As you know, we have been very fortunate in securing the services of the Most Reverend Fulton J. Sheen, Auxiliary Bishop of New York and Director of the Propagation of the Faith, as our speaker.

It indeed would be a source of gratification to all of us if you could attend, and, as chairman of the committee in charge of arrangements, it is my honor and pleasure to extend to you a most cordial invitation to be our guest on this occasion.

Sincerely yours,

C. D. DeLoach

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee CARTHA D. DeLOACH Title Inspector

Rating Period: from 4/1/55 to 3/31/56

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

+ Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
− Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.
So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

Assistant to the Director L. B. Nichols: Mr. DeLoach has been assigned as #2 man in the Records and Communications Division since March 15, 1954. He has the over-all supervision of the Statistical Section, Tours, and assists me in handling Congressional contacts, telephone calls, special assignments covering a multitude of subjects. He is energetic and has an excellent background, makes a good representative of the Bureau, is industrious and conscientious. His services are satisfactory. He has possibilities for further development. During the past rating period, DeLoach has continued to function in a satisfactory and excellent manner in discharging the assignments given to him. He has unbounded enthusiasm, he is industrious, and is always alert to further the Bureau's interests. He shows good judgment and initiative. He has handled himself exceedingly well on numerous occasions involving contacts with the general public. His liaison with the American Legion has been outstanding which has necessitated his spending a great deal of time on evenings, weekends and holidays in handling Legion activities. During the past year he was censured on 2 occasions, but was commended on 8 other occasions for specific handling of individual assignments. I consider him capable of assuming additional responsibility and he should continue to improve. I regard his services as excellent and satisfactory in every respect.

IBM TRAINING PROGRAMS

We have just been advised by IBM of new training programs available on various IBM equipment in Endicott, Poughkeepsie, and New York City, New York. Training is now being afforded in the following fields:

IBM Accounting for Management (general tabulating machine techniques), held at Endicott.
IBM Accounting for Executives (general tabulating machine techniques), held at Endicott.
EDPM for Executives (specialized courses in the 650 and 705 series of Electronic Data Processing Machines), held at Poughkeepsie.
Programming for the 700 series of Electronic Data Processing Machines, held at New York City.
Scientific Computing (covering scientific computing work in mathematics, physical sciences or engineering), held at New York City.

Of the above, only the first and third courses are of interest to the Bureau at the present time. In order to bring the training of our personnel up to date, it is believed that the following individuals should be scheduled for training in the courses indicated:

EDPM for Executives:

This course includes the potentialities of the 650 and other EDPM equipment, the type of service that management can expect from it, typical applications, personnel problems and the like. The course lasts one week. I would recommend that Mr. DeLoach, Mr. Leonard and Mr. Row be designated to attend.

IBM Accounting for Management:

This course is similar to the one above except that it considers also the broad field of tabulating equipment

and is designed primarily for supervisors actually directing groups of employees engaged in the operation of the equipment. Similar courses have been attended by other supervisors in the Statistical Section. This course lasts for one week. I would recommend that it be attended by Mr. William F. Burnett, GS-9, Assistant Supervisor in the Machine Room; Mr. Russel L. Savitz, GS-7, night Supervisor; and Mr. Marvin L. Asbell, GS-7, midnight Supervisor of the Machine Room.

IBM makes no charge for presenting these courses.

ACTION TO BE TAKEN:

If you approve, we will have the necessary application forms prepared and forwarded to IBM.

ADDENDUM, CDD:hpf, 4-16-56

With due consideration to the above recommendation, I am of the opinion that it will only be necessary for Messrs. Leonard and Row to attend the one-week executives course. These employees can then return and give their notes and the advantage of their training to additional employees in the Statistical Section. While DeLoach has over-all supervision of the Statistical Section in my front office, he is largely used on an administrative basis, consequently, I do not believe it is necessary for him to take this training.

Mr. L. B. Nichols April 25, 1956

Louise D. Walter - Reading Room

Shortly after the walls of the Reading Room were painted, Mr. DeLoach was in our office and remarked that we ought to have some colored pictures for the walls. He mentioned that SAC Burke, Denver, might be able to get some for us.

Mr. McGuire wrote to SAC Burke and, as a result, the Reading Room now has on its walls three framed colored pictures of western scenes, which are lovely.

I want you to know how much we in the Reading Room appreciate the interest and thoughtful kindness of Messrs. McGuire and DeLoach and also how much we and everyone who sees the pictures are enjoying them. We hope you will stop and see them too when you have an opportunity.

Dear Mr. Hoover:

Recently it was my honor to have the pleasure of visiting your Offices in Washington. This visit resulted from an appointment arranged for me by Congressman Charles E. Bennett because of my nomination by the Democratic Party as Sheriff of Duval County in the May Primary Election.

Legion Urges Councils Probe

The District Department of the American Legion last night asked the Justice Department to investigate the White Citizens Councils.

The 38th annual convention, by a vote of 221 to 71, adopted a resolution aimed at the groups under the name of White Citizens Councils, formed to preserve segregation primarily in the public schools of the South.

The convention also invited the national convention of the Legion to return to Washington for its annual gathering in 1960. The national convention met here in 1954.

The convention also adopted a resolution urging that an auditorium erected here be "dedicated to peace in memory of all our American war dead."

Indorsed in Principle

The resolution recalled that the Legion in convention in San Francisco in 1946 indorsed in principle erection of a national memorial auditorium to honor the war dead. The resolution also pointed out that Public Law 128, approved July 1, 1955, created a Federal commission to formulate plans to construct in the District an auditorium, including the Inaugural Hall of Presidents and a music, fine arts and mass communications center.

In the election, James A. DeForce was without opposition for the position of commander of the department. Mr. DeForce, 60, is a special assistant in the Maritime Commission. A member of U. S. Maritime Post No. 47, he succeeds Louis G. Zindel, jr. Mr. DeForce lives at 3290 Arcadia place N.W.

Others Elected

In addition to the unanimous election of Department Commander De Force, these vice commanders were also chosen without opposition: C. D. De Loach, Ralph Hoover, James Smith, Miss Marian Swoboda and Cecil Sorrell.

Elected national executive committeeman was James C. Hill. The alternate national executive committeeman elected was John J. Finn, who won over the retiring department commander M. Zindel.

Past department commander Paul A. McGahan installed the new officers and the convention closed shortly before midnight.

Other resolutions adopted included:

Opposing recognition of Communist China by the United States and also admission of Communist China to the United Nations.

Urging that the Legion adhere to its support of the War Claims Act and to the policy that seized enemy property held by the United States should be retained as reparations.

Reiterating the Legion's stand on veterans' preference in Government employment. The resolution opposed "any and all attempts to weaken veterans' preference in the Federal Civil Service."

Urging that a sound security program affecting all Government employes, both military and civilian, be supported.

Expressing wholehearted gratitude to be extended to the Federal Bureau of Investigation and its personnel.

Advocating that retirement benefits be granted by the national organization of the Legion to Watson B. Miller, national rehabilitation director, 1923-41.

SUBJECT: THE DEPARTMENT OF DISTRICT OF COLUMBIA
AMERICAN LEGION CONVENTION,
SHOREHAM HOTEL
7/19 - 7/21/56

For record purposes, 412 delegates representing 13,800 Legionnaires in the District of Columbia met at their annual convention at the Shoreham Hotel during the captioned dates. Of some significance and interest is the following:

(1) The American Legion and the District of Columbia in a resolution expressed "wholehearted gratitude to the Director and men of the FBI for the splended work achieved during the past year in handling matters concerning espionage and internal security." The resolution was passed unanimously on the convention floor and press accounts appeared in the "Evening Star" on Sunday, 7-22-56. This resolution was sponsored by the Americanism Commission of the District of Columbia Legion, whose chairman is Mr. Rex Finley, a Department of Commerce employee.

(2) FBI Post #56 received its usual awards, among which was a beautiful trophy for being the post which accomplished the most outstanding work in Boy Scout activities during the past year. FBI Post #56 will now retain permanent possession of this trophy inasmuch as it has been won for three successive years.

(3) James A. DeForce was elected Commander of the District of Columbia American Legion. He is very cooperative in support of matters concerning security. DeLoach was elected Vice Commander of the District Legion. He additionally received a citation from the retiring District Commander and his staff for being an outstanding post commander.

(4) A second resolution of some interest was one calling upon the United States Government to "continue a sound security program which would ferret out any possible subversive elements in the United States Government."

SUBJECT: CITATION FOR DIRECTOR
AMERICAN LEGION, DEPARTMENT OF PENNSYLVANIA
JULY 19--21, 1956
PHILADELPHIA, PENNSYLVANIA

See Nichols to Tolson memorandum dated 5-8-56, captioned, "Phillip Bucci; The American Legion; Department of Pennsylvania CDD:rm., in which it was related that Philip Bucci and Joe O'Connell of the Public Relations Office of The American Legion came in to see Inspector DeLoach on 5-4-56, to see if it would be possible for the Director to speak before the State Convention of The American Legion to be held in Constitution Hall, Philadelphia, Pennsylvania, July 19--21, 1956. DeLoach explained to Bucci the fact that the Director's schedule was extremely heavy, and he would most likely find it impossible to accept. Bucci stated that the group would be extremely happy to have DeLoach substitute for the Director, but was advised that DeLoach's commitment to appear before The American Legion in Georgia on 7-21-56, would probably preclude that. Bucci then offered to arrange matters so that DeLoach would be called upon to speak on 7-19-56, and he was advised that it was impossible to make a commitment at that time. He then indicated he would send a formal letter regarding this matter.

Director has received a letter dated 6-14-56, on American Legion stationery from Pennsylvania, signed by John F. Stay, Commander of the Department of Pennsylvania. He requests the Director to attend the annual convention in Philadelphia on 7-19-56, where it is the desire of the department to cite him for his outstanding job in connection with the FBI. He indicates that they will warmly welcome any representative the Director would care to send.

Inspector C. D. DeLoach received a letter, also dated the 14th, from Philip Bucci referring to the letter from Commander Stay and suggesting that it would be appropriate to have the presentation of the citation to Mr. Hoover's representative made by Theodore D. Mitchell, Inspector in the Philadelphia Police Department and President of the most recent NA graduating class.

FBI Agent Lauds Legion's Program

(Another Story On Page One)

The American Legion yesterday was lauded for its outstanding work in the field of promoting Americanism and its assistance in routing subversives in the country by C. D. DeLoach, Federal Bureau of Investigation inspector from Washington, D. C.

DeLoach spoke at the final meeting of the 38th annual convention of the Indiana Department of the American Legion. A capacity crowd of delegates heard him speak in the Palace theater.

This country needs men of strength, courage and high moral standard such as the men of the American Legion have proven themselves, DeLoach declared.

He referred particularly to the work of Americanism committee of the post, districts and departments in his praise of Legion activities.

Cites Legion Influence

He stressed that there must be good laws to preserve the liberty America now enjoys, and that the Legion's spirit and action has influenced many of the laws of America today.

Of its spirit, DeLoach said of the organization: "America needs a fighting spirit to maintain its rights under the laws of freedom. If the Legion ever goes down, it will most certainly go down fighting."

DeLoach, who is commander of FBI Post No. 56, Washington, also serves as vice chairman of the National Counter Subversive Activities Committee of the national organization.

DeLoach joined the FBI in 1942. From August, 1944, to April, 1946, he served with the U. S. Navy, and upon discharge, was assigned to the Cleveland FBI office. In October, 1951, he was transferred to the Washington office.

September 14, 1956

Honorable J. Edgar Hoover, Director

Department of Justice
Ninth Street and Pennsylvania Avenue, N.W.
Washington 25, D. C.

Dear Mr. Hoover:

Again we were privileged to have Inspector C. D. DeLoach and Special Agent D. G. Hanning with us at Los Angeles, and I want to thank you for allowing them to attend.

Both of them met for two days with our standing Commission, and then were most helpful in assisting us to dispose of 95 resolutions which had been assigned to the Convention Committee on Americanism.

The Fall meeting of our Commission will be at Indianapolis, probably about October 15, and it is hoped that Deke and Don can be with us at that time. Matters coming before us constantly are of such a nature that the counsel of these two gentlemen means much and is greatly appreciated.

More power to you in the great work you are doing, and best wishes always.

Sincerely,

Jimmy Daniel

SUBJECT:

For record purposes, on the night of July 12, 1956, upon preparing for bed I noticed a slight swelling to the left of my groin possibly indicating a hernia. There was no pain and the swelling subsided after lying in bed for a period of time. I had attended gym class that afternoon between 4:00 and 5:00. The same swelling was again noticed the next day and throughout the week. On July 17, 1956, there being no pain whatsoever, I again attended regularly scheduled gym class; however, I mentioned in an informal manner to Coach Howard Meyers the swelling in question. He properly suggested that this condition be checked by medical authorities.

On August 8, 1956, Bethesda Naval medical authorities checked this condition and indicated that a hernia was apparent but that they recommended examination by the surgery department. On August 10, 1956, Dr. Durden of the surgery department advised me there was a definite hernia and recommended surgery for repair. He stated that this was entirely elective on my part as to whether I desired repair or not but that, for my own safety and in order that I would not be worried about this matter in the future, he would recommend that surgery be performed. He indicated that I should lead a perfectly normal life, fully handle all my responsibilities, and he saw no reason to refrain from doing such things as mowing the lawn, et cetera. He did indicate that no violent exercise should be taken. Consequently, I have stayed away from gym accordingly.

RECORDED

67-338728-239

If convenient here at the office the latter part of September or October, I plan to have the above operation performed in the Bethesda Naval Hospital. This will necessitate being away from work approximately two weeks, which includes six days in the hospital and the remaining time at home. I am not aware of any undue exertion at my home which would have caused the above condition.

National convention held September 3-6, 1956, Los Angeles. Estimated 100,000 Legionnaires attended. Meetings of Americanism Commission and Countersubversive Activities Committee began 8-31-56.

RESOLUTIONS AFFECTING FBI:

Four resolutions commending FBI presented to convention. These emanated from District of Columbia, Maryland, Tennessee, and the National Americanism Commission of the Legion. These resolutions coordinated into one which passed unanimously before full convention. Director's telegram to National Commander thanking Legion for commendation of FBI read before convention 9-6-56 and received with ovation. Press releases issued to wire services and newspapers regarding commendation of Director and FBI personnel. These releases carried by all Los Angeles papers (example attached).

MISCELLANEOUS RESOLUTIONS:

Total of 91 resolutions considered by convention committees and brought before full convention. Seven resolutions condemned UNESCO. Four resolutions criticized the Fund for the Republic and called for speedy removal of tax-exempt status. Two resolutions called for congressional investigation into activities of American Civil Liberties Union and Emergency Civil Liberties Union. One resolution reflected that many charges had been made regarding communist infiltration into National Association for the Advancement of Colored People and that these charges should be investigated to determine whether true or false. Four resolutions called for restoration of states rights legislation regarding subversion, sedition, and communist control statutes. These resolutions specifically set forth that states rights were being usurped by Supreme Court. All foregoing resolutions mentioned were coordinated and passed successfully on floor of convention.

Memorandum to Mr. Tolson from L. B. Nichols

NEW NATIONAL COMMANDER:

As Director had been previously advised, W. C. "Dan" Daniels was selected as the 1956-1957 National Commander. Daniels paid courtesy call upon Director in May, 1956. He is 42 years of age, makes good appearance, is excellent speaker, and very security-minded. Cooperation with Daniels should be excellent. A call was made on him during convention, at which time the Director's congratulations were expressed. A letter has been prepared also extending congratulations.

MISCELLANEOUS:

(1) Our book, "The FBI Story," is to be placed on the "must reading list" for all Legionnaires. This is a list maintained by national headquarters of the Legion and concerns all top-notch books recommended for reading by Legion members.

(2) Two thousand (2,000) copies of Director's article, "The Communist New Look - A Study in Duplicity," were disseminated by Legion staff members to delegates attending convention. Many favorable remarks were overheard regarding this article.

(3) FBI received a great deal of acclaim during convention as result of Weinberger and Riesel cases.

(4) Gordon W. Roselip, national executive committeeman from the State of Wisconsin, spoke extemporaneously before the Americanism Commission for approximately 15 minutes lauding the FBI and its work in the internal security field. He called upon the Legionnaires to offer constant support to the Bureau. Roselip has been very friendly for the past several years. DeLoach rose and thanked him for his commendatory remarks and included the fact that all members of the Americanism Commission had been of service to the FBI. Roselip's remarks were strictly voluntary and it is being recommended that the attached letter be forwarded to him thanking him for his remarks.

RECOMMENDATIONS:

(1) A letter has already been forwarded to the new National Commander, "Dan" Daniels; consequently, no recommendation is being made concerning a letter to him in this memorandum.

(2) There is attached a suggested letter from the Director to outgoing National Commander J. Addington Wagner who was most cooperative during his term of office and who it is felt will continue to be a good friend in the future.

(3) There is attached a suggested letter to Gordon W. Roselip, national executive committeeman from Wisconsin, in accordance with the foregoing information.

(4) There is attached a suggested letter to William Hauck, Assistant National Adjutant of the American Legion, who made many commendatory remarks about the FBI during the convention and who introduced Messrs. Hanning and DeLoach to numerous influential members of the Legion.

(5) SAC John F. Malone was most helpful during the convention and spent numerous hours of overtime in meeting Legionnaires. He made a most favorable showing for the Bureau at the national commanders banquet. There is attached a suggested letter to Malone.

(6) Special Agent John M. Cashel, Los Angeles, was very helpful in assisting in the arrangement of newspaper contacts and the handling of the press release given out concerning the Bureau. Special Agent Albert S. Rose, Jr., was also most helpful in the same regard and a suggested letter to him, as well as Cashel, is attached.

(over)

Memorandum to Mr. Tolson from L. B. Nichols

(7) Special Agent Donald G. Hanning accompanied DeLoach to the convention and made a most favorable showing for the Bureau. Hanning is one of the few survivors of the Bataan death march and, as a result, is always regarded very highly in Legion circles. He, like DeLoach, attended all meetings of the Americanism Commission and the Countersubversive Activities Committee. He put in a large number of hours of overtime and is believed worthy of commendation regarding his performance. A suggested letter is attached.

Dear Mr. Hoover:

On Monday, October 8, 1956 the Reserve Officers, U.S.A. Mobilization Designees 10 and 27 held a training session at the Metropolitan Police Headquarters, Washington, D. C. Included on the program was Inspector C. D. Deloock, representing the F.B.I.

It will interest you to know that he did a most excellent job in presenting a complete story as to the operations of the Bureau. Many questions were asked and the members of my Units felt it was a very instructive evening.

A session such as this is most helpful to us, not only as Reserve Officers but as taxpayers and residents of the Washington area. We hold you and the F.B.I. in high esteem and are thankful for your leadership and efforts in the suppression of crime all over the country.

Please convey our grateful thanks to Inspector Deloock.

You will recall from Mr. DeLoach's memorandum to Mr. Nichols 8/16/56 that medical authorities at U. S. Naval Hospital, Bethesda, 8/8/56, determined that he has a hernia and that they recommended operative care. The Surgical Department offered to perform such surgery and the matter was cleared with the Office of the Commanding Officer, U. S. Naval Hospital. An appointment has been made for Mr. DeLoach's hospitalization, Monday, 11/12/56. Mr. DeLoach is aware of this appointment date. He will probably be absent from work about two weeks including about six days in the hospital. Mr. DeLoach is unable to pinpoint the cause of such difficulty. When it is definitely determined that he has entered the hospital and the operation has been performed, the Leave Unit will prepare a letter of sympathy.

RECOMMENDATION:

None. . . .informative. You will be advised if any unusual complications ensue.

I attended the meeting of the state com ers and adjutants when Inspector DeLOACH delivered hi address. He made a splendid speech and represented t Bureau in an outstanding manner. Dear Mr. Hoover:

I want to express my sincere appreciation for your note of this morning concerning the attainment of another anniversary. Truthfully speaking, the great majority of FBI personnel, and I am humbly proud to include myself in this category, becomes so engrossed in the Bureau's tremendous responsibilities that the passing years pile up without a great deal of thought.

The past 15 years have indeed been fruitful for me. I am very grateful for your guidance and leadership and simply hope that a little of the greatness you are made of will in some manner "rub off" on me through the years. My present assignment under Mr. Nichols is one of challenge and constant learning. His tremendous energy and devotion to you are marks to which all men in our service should aspire.

In brief, thank you for the many lessons I have learned in the past and those which will be learned in the future. Like with all men, my FBI career has called for sacrifices, but the balance of the scales is heavily tilted toward excellent experience, pride of work, and a fine feeling of family security.

Sincerely,

NATIONAL COMMANDER HERE

Legion Leader Raps Federal Powers

The federal government has gone far beyond the limitations prescribed by the constitution under the guise of advancing the welfare and security of the people, American Legion National Commander W. C. Daniel said today.

Daniel addressed he South Carolina Legislature this morning. He was in Columbia for the state American Legion Association spring rally.

"The individual citizen retains the greatest control over the government in his own community," Daniel told the legislature. "The further away from him and from his direct contact the government becomes, the less responsive it is to his desires and direction, and the less efficient and effective it is in providing for his welfare and security.

"I speak to you about the need for stronger state government for two reasons," he said. "First, and most important, because of your obvious and necessary concern with this matter. And secondly because of the American Legion's strong views on the need for firm action now to preserve the sovereignty and governmental authority of our states."

Commander Daniel quoted President Eisenhower as saying in the 1952 presidential campaign that "if the states lose their meaning our entire system of government loses its meaning and the next step is the rise of the centralized national state in which the seeds of autocracy can take root and grow."

The trend of more power for the central government at the expense of the states "must be reversed not only to preserve our representative form of government but for our security and survival as a free nation under God," Daniel said.

"Make no mistake," he said, "the communist movement in the United States has been retarded principally because of our traditional American system of state sovereignty. The concentration of power in a central government is the vehicle on which the Kremlin hopes to ride in conquering our free land. So long as our individual states maintain control over our police organization, and so long as our ballot boxes are tucked away in each of our 48 state capitals, along with our political subdivisions, he conniver in the Kremlin will find it rather difficult to gain control of our government."

Daniel also addressed the Legionnaires at a lunch session. Discussing the group's religious emphasis program he said that the program is more important now

in view of Communism. "Armed strength alone will not conquer Communism. One of the ways in which we can conquer it is through our emphasis of religion."

Also addressing the legion rally today was C. D. DeLoach, Federal Bureau of Investigation inspector. Other events this morning included a discussion of the religious emphasis program, a rehabilitation conference on Americanism, a conference on child welfare, and a meeting of the membership committee.

At the conclusion of the two-day meeting, Commander Daniel left for Wilmington, Del., for an official visit to the Department of Delaware American Legion.

Assistant to the Director L. B. Nichols:

Mr. DeLoach continues to grow. During the past rating period he has been assigned more responsibilities in connection with the work of the Division. He has the overall supervision of the Statistical Section, tours and assists me in handling special assignments. He is exceedingly conscientious and industrious and is always seeking ways and means to further the Bureau's interests to be of assistance. His overall knowledge of the work of the Bureau's operating procedures and policy is outstanding. He has tremendous enthusiasm and uses good judgment and initiative. His liaison with the American Legion has been outstanding and he has devoted considerable of his personal time as well as funds in carrying out these programs. He is capable of assuming additional responsibilities and should continue to develop. I consider his status as excellent. During the rating period, numerous Legion officials and others with whom DeLoach has come in contact have commended his services. He was commended twice during the rating period by the Director and there were no instances of administrative action taken against him.

Rating: Excellent

Dear Mr. Hoover:

I want to thank you for the wonderful visit my sister, two nephews and little niece had at the Federal Bureau of Investigation two weeks ago. They were very excited when they came home and I understand, from my sister, that she has heard from the children's teachers to the effect that each child gave, in his and her respective class, a long dissertation on how great the FBI is and why they are all going to be FBI agents some day. I am told that they had a whole class starry-eyed and have probably recruited additional enlistments for you.

It was very kind of you and Mr. DeLoach was especially nice, and I want to assure you how much it was appreciated. I know how busy you are and all those who work with you and I certainly would not abuse such friendship by asking favors too often.

I do feel that, for alert youngsters who are being brought up the right way, it is a great experience and makes a very lasting impression .

Thank you again for always being so very kind to me.

Dear Mr. Nichols:

Some extraordinary cooperation was extended by your staff recently and I thought I should tell you about it. I telephoned your office on April 19 and told your secretary my problem when I learned you were absent. She referred me to Mr. De Loach, and from that time on my problem was solved.

I had received a long distance call from the Assistant Publisher of the New York Journal-American telling me that a very important advertiser was coming to Washington and had asked our cooperation in arranging for this man and his family to see the sights over the Easter weekend. Despite the extra complication of it being Good Friday and the additional fact that the visitors were leaving Washington on Easter Monday, Mr. De Loach arranged a special tour for not only the advertiser but one of our own advertising men and his family.

I have heard from both parties and they were most appreciative of the special attention paid to them. The advertiser, Edward Berman, Vice President of Abraham & Strauss, wrote that the "super-tour of the FBI rates as the number-one thrill of the trip."

You have other things to do besides show off your shop to important visitors and therefore I do not ask for special favors very often. I do want you to know how well Mr. De Loach cooperated in this instance and how grateful we all are.

FBI Agent Head Of D. C. Legion

The Washington Post

C. D. DE LOACH
. . . new Legion commander

The District Department of the American Legion elected C. D. DeLoach of FBI Post 56 as the new department commander last night. The election was by acclamation.

Elected vice commanders were: James H. Shallcross Jr. of Police and Fire Post 29; Virginia Harrison of Department of Interior Post 63; George A. Laurey of Lincoln Post 17; Francis L. Timmons of Kenna-Main Post 37, and Milton A. Bell of National Cathedral Post 10.

DeLoach, 37, of 107 Morningside dr., Alexandria, is a World War II Navy veteran and has been an FBI agent for 15 years. He is married and the father of five children. He succeeds James D. DeForce of Maritime Commission Post 47 in his new post.

The District Department earlier had adopted a resolution urging Congress to "nullify" the Supreme Court's ruling in the Jencks case.

In that case the Court ruled that FBI reports must be made available to defendents if the data therein were pertinent to their defense.

The Legion's resolution said the ruling was "thwarting the Government's power to protect our peoples from the marauding depredations of international communism."

The final session of the convention was held at the Shoreham Hotel. About 500 delegates attended. They also adopted resolutions:

• Calling on Congress to enact legislation nullifying the Supreme Court's recent ruling on the Smith Act. The recent decision freed Communist Party leaders in California and charted a narrower course for Government prosecution under the 1940 act, which prohibits advocating the violent overthrow of the Government.

• Endorsing a bill introduced by Sen. Alexander Wiley (R-Wis.) that would permit Social Security beneficiaries to earn up to $1800 a year without any deductions from Social Security benefits. The limit now is $1200 a year.

• Suggesting that President Eisenhower appear in person at ~~Arlington~~ Cemetery on Memorial Day and Veterans Day.

It was noted that he is commander in chief of the armed forces and is himself a veteran.

FBI Inspector Slated to Head District Legion

C. D. DeLoach, an inspector for the FBI, will be nominated for the post of District Department commander tonight at the 39th annual American Legion department convention in the Shoreham Hotel. The three-day meeting ends tomorrow.

Mr. DeLoach, 37, past commander of the FBI Post 56, is the choice of the official nominating committee and is expected to be elected without opposition at tomorrow night's meeting. He will succeed James A. DeForce.

He is a native of Georgia and a law graduate from Stetson University, DeLand, Fla. He joined the FBI in 1942 and served in Norfolk and Cleveland before his transfer to Washington in 1947. He served for 16 months in the Navy during World War II.

Active in "Americanism"

Mr. DeLoach has been active in the Legion's "Americanism" program for the last six years, touring the Nation to address local Legion organizations. He is vice chairman of the national counter-subversive activities committee and consultant to the national Americanism commission.

"There is very close liaison between the American Legion and the FBI," said Mr. DeLoach. "I have addressed many Legion groups on confidential matters relating to internal security."

Mr. DeLoach has been active in the Legion's local youth activities. He is responsible for the District's participation in the Boys State program for the first time this year. He has also been active in the Legion's child welfare and baseball programs.

Cites Hoover's Aid

He noted that the FBI post has sponsored a Scout troop at the juvenile training center in Laurel, Md., since 1948. "J. Edgar Hoover has assisted us greatly in our youth activities here," he noted.

He and his wife and five children live at 107 Morning Side drive, Alexandria. He is a member of the St. Mary's Catholic Church in Alexandria.

The Legion last night honored Robert E. McLaughlin, chairman of the Board of District Commissioners, Maj. Gen. Ruben C. Hood, Jr., USAF, of Bolling Air Force Base, and Dr. Edwin J. Rose, retired manager of Mount Alto Hospital. Mr. McLaughlin was cited for his co-operation in Legion activities during the last 12 months, including the Soap Box Derby and Boys State. Gen. Hood, for his "interest in national security," according to Commander DeForce, and Dr. Rose for service to hospitalized veterans.

Fulton Lewis, Jr., radio commentator, received an Americanism citation from Mr. DeLoach. Dewey Short, Assistant Secretary of the Army, will address tonight's session.

Dear Mr. Hoover:

Last week in Knoxville, Tennessee, on the occasion of the National Convention of the Junior Order of United American Mechanics, it was my pleasure and honor to be appointed by the National Councilor as the escort for Mr. C. D. Deloach, Inspector from your office, from the hotel to the banquet which was held at the University of Tennessee.

I was so impressed with Mr. Deloach's personality and his understanding of the problems of today that I invited him to address the National Convention on Wednesday morning during the business session. The delegates to the Convention were high in their praise of his excellent character which was so strongly reflected in his personality, and the splendid manner in which he delivered his address. It was the opinion of everyone present that Mr. Deloach is a credit to the FBI; and as long as men of his ability are connected with this law enforcement agency, America will be safe.

While it is regretted that you could not be with us on this occasion, I certainly want to take this opportunity to thank you for sending Mr. Deloach.

Sincerely,

Attached for approval is a congratulatory letter to Inspector DeLoach on the occasion of his election by acclamation Saturday, 7-27-57 to the position of Commander of the Department of District of Columbia of The American Legion during its convention in Washington.

In this capacity Inspector DeLoach heads approximately 21,000 legionnaires. In discussing the election with him this morning, Mr. DeLoach mentioned that this is the first occasion where a commander has been elected without opposition in this particular department and it is, of course, quite a tribute to the FBI and I think it speaks very well of the esteem in which they hold Mr. DeLoach and also the eminently successful manner in which he has discharged his liaison function with the Legion.

RECOMMENDATION:

The attached congratulatory letter be approved.

SUBJECT: AMERICAN LEGION ACTIVITIES
DEPARTMENT OF THE DISTRICT OF COLUMBIA

There is attached an article which appeared in this afternoon's issue of the Evening Star concerning the possibility of Mr. DeLoach's being elected Commander of the American Legion in the District of Columbia. There are two misquotes in the article. He is quoted as saying, "There is very close liaison between the American Legion and the FBI. I have addressed many Legion groups on confidential matters relating to internal security." Another quote is: "J. Edgar Hoover has assisted us greatly in our youth activities here."

The first quote was given a Star reporter by William F. Hauck, Assistant National Adjutant of the American Legion, who was interviewed by the same Star reporter who talked to DeLoach. Hauck told the reporter that the Legion had called upon the FBI on several occasions to brief the Executive Conference of National Committeemen in Indianapolis.

With regard to the second quote, Mr. DeLoach, of course, would not be presumptuous enough to refer to the Director on a first-name basis. The reporter was very definitely advised that Mr. Hoover encouraged boy scout activities on the part of FBI Post 56 and that Mr. Hoover had a keen interest in all youth activities.

FBI Inspector Slated to Head District Legion

C. D. DeLoach, an inspector for the FBI, will be nominated for the post of District Department commander tonight at the 39th annual American Legion department convention in the Shoreham Hotel. The three-day meeting ends tomorrow.

Mr. DeLoach, 37, past commander of the FBI Post 56, is the choice of the official nominating committee and is expected to be elected without opposition at tomorrow night's meeting. He will succeed James A. DeForce.

He is a native of Georgia and a law graduate from Stetson University, DeLand, Fla. He joined the FBI in 1942 and served in Norfolk and Cleveland before his transfer to Washington in 1947. He served for 10 months in the Navy during World War II.

Active in "Americanism"

Mr. DeLoach has been active in the Legion's "Americanism" program for the last six years, touring the Nation to address local Legion organizations. He is vice chairman of the national counter-subversive activities committee and consultant to the national Americanism commission.

"There is very close liaison between the American Legion and the FBI," said Mr. DeLoach. "I have addressed many Legion groups on confidential matters relating to internal security."

Mr. DeLoach has been active in the Legion's local youth activities. He is responsible for the District's participation in the Boys State program for the first time this year. He has also been active in the Legion's child welfare and baseball programs.

Cites Hoover's Aid

He noted that his FBI post has sponsored a Scout troop at the juvenile training center in Laurel, Md., since 1948. "J. Edgar Hoover has assisted us greatly in our youth activities here," he noted.

He and his wife and five children live at 107 Morning Side drive, Alexandria. He is a member of the St. Mary's Catholic Church in Alexandria.

The Legion last night honored Robert E. McLaughlin, chairman of the Board of District Commissioners, Maj. Gen. Ruben C. Hood, jr., USAF, of Bolling Air Force Base, and Dr. Edwin J. Rose, retired manager of Mount Alto Hospital. Mr. McLaughlin was cited for his co-operation in Legion activities during the last 12 months, including the Soap Box Derby and Boys State. Gen Hood, for his "interest in national security," according to Commander DeForce, and Dr. Rose for service to hospitalized veterans.

Fulton Lewis, jr., radio commentator, received an Americanism citation from Mr. DeLoach. Dewey Short, Assistant Secretary of the Army, will address tonight's session.

Dear Mr. Hoover:

I am deeply grateful for your letter of September 20, 1957, relative to the small part I was privileged to play concerning your appearance before the National Convention of the American Legion in Atlantic City.

The tremendous ovation and tribute you received, while completely expected, certainly did my heart good. As I have always told my family, the hard work that any of us do in the FBI is very small indeed in comparison with being allowed to "ride on the crest of the wave." I am more than grateful to you for allowing me just the privilege of being seen with you and being recognized as one of your assistants.

Sincerely,

C. D. DeLoach

Inspector DeLoach advised the Health Service nurse 10/9 his left ear felt stopped up since he had been on a recent flight. Condition did not clear up by 10/10; therefore Inspector DeLoach was given Form CA 16 and sent to U. S. Public Health Service for examination by the physician. He was also furnished Compensation Forms CA 1 and 2 to be filled out in duplicate and submitted. The following day Inspector DeLoach's condition was apparently clearing and he had been treated by the doctor at U. S. Public Health Service.

From the period April 8, 1957, to November 6, 1957, Mr. DeLoach in my office, who reviews a considerable volume of mail, has initialled and approved ten pieces of correspondence which was later found either in Mr. Tolson's office or the Reading Room to bear errors. There were no policy matters involved. The errors were all minor in nature.

Under the current error program, it is suggested Mr. DeLoach be given a letter of censure.

Dear Mr. DeLoach:

A number of nonsubstantive errors have been detected in official correspondence reviewed and approved by you since April 8, 1957, and it is evident that you did not exercise sufficient care in reviewing these items of correspondence.

As you know, there is an urgent need to have all Bureau mail free from error and although it is recognized that you are required to review a large volume of mail, it will be incumbent upon you in the future to handle this phase of your official duties with greater care.

Very truly yours,

SUBJECT: NATIONAL AMERICANISM COMMISSION
THE AMERICAN LEGION

C.D.O

Mr. DeLoach received a telegram from the National Commander, The American Legion, on Saturday, November 23, 1957, advising that he was appointed to a three-year term as a member of the Legion's National Americanism Commission. The National Americanism Commission is the Legion's ruling body on all matters pertaining to Americanism, Internal Security, Espionage, etc. If accepted, the appointment will entail attending meetings approximately every four months in either Indianapolis or during the national convention which occurs once each year. These duties, however, will not take Mr. DeLoach away from the office any greater length of time than he is away attending his current assignments pertaining to Legion matters. National Americanism Commission appointments are widely sought after in the Legion and it is rare, indeed, that vacancies are created.

If the Director has no objections, the National Commander will be advised that Mr. DeLoach is accepting this appointment.

Set forth below are recommendations for letters of commendation in connection with above-entitled program.

NBC PERSONNEL CARTHA D. DeLOACH

(1) Mr. Phillips Wylly who directed the filmed portions of the program which were made at Greenville, South Carolina, and at the Identification Division. He is an extremely fine person and did everyting possible to present the Bureau in an excellent light.

(2) Mr. Gene Wyckoff who wrote the Bureau's segment of the program, and it is felt that he caught the spirit of the Bureau and certainly was very Bureau minded.

(3) Mr. Joseph Behar who directed the live television which emanated from the Justice Building. Mr. Behar is an extremely fine person to work with. He is a fine craftsman and was most commendatory of the Bureau and its operations. We were fortunate in having a man of his caliber handling the show.

(4) Mr. Ted Rogers who produced the entire program for NBC and who was a very good coordinator.

Bufiles satisfactory on all above persons.

Mrs. Dorothy Heim

Mrs. Heim played the part of the wife in the Weinberger chiseler case. She went to Greenville, South Carolina, for filming and appeared here in Washington live over the weekend. After the appearance in Greenville, the Director commended her for her wonderful work. She has exhibited wonderful Bureau spirit and naturally having to be here Friday, Saturday and Sunday placed a burden on her family life.

Memo to Mr. Tolson from [illegible]. A. Nease

General Services Administration

Mr. Arthur W. Mann, Superintendent of our building, was most helpful in securing painters, electricians and other help which we needed in connection with the show.

Bureau Personnel

(1) Mr. Ralph Roach discussed live with Garroway the Bureau's jurisdictions and operations. He did a splendid job and made a fine personal appearance. There was, of course, a great deal of tension in connection with the handling of this assignment, and he rose to the situation.

(2) SAC Whelan of the Washington Field Office took the part of the SAC at the Charlotte Office. He briefed the Agents on live television in connection with the Weinberger chiseler case.

(3) Mr. Peter Duncan of the FBI Laboratory explained the functions of the hairs and fibers section. He did a very fine job.

(4) Mr. R. H. Jevons of the FBI Laboratory was in charge of the physical problems and did an excellent job in getting the necessary arrangements in the Laboratory in shape for the live television.

(5) Dr. D. J. White, Chief of the Physics - Chemistry Section was in charge of arranging personnel and did a very fine job in coordinating this phase of the live show in the Laboratory.

(6) SA G. A. Berley of the Laboratory was originally assigned to the part of explaining the firearms section and went through two closed circuit rehearsals. He handled his lines very well and if there had been time in the program, he would have done an excellent job. It was necessary to cut this portion at the last minute because of time factor.

(7) Assistant Director Donald Parsons, a general letter of commendation for the excellent cooperation given by the Laboratory with the full realization that his men put in many hours of overtime.

(8) M. A. Jones, commending the Agents in the Crime Records Section who assisted over the weekend on the live portion of the program with copies to the following personnel files: Special Agents Charles E. Moore, Gordon E. Malmfeldt, James R. Healy and Jack Keith.

(9) SAC Sloan of Quantico handled the supervision of the shooting on the range which naturally required timing and careful planning. The firing had to be split-second because it opened the program. Special Agent J. H. Thompson at Quantico was shown firing on the range. This scene opened the entire program

and split-second timing was necessary, and it was tremendous timing.

(10) Mr. Newman and Mr. McMichael of the Administrative Division should be commended for their very excellent work in handling contacts with the building superintendent and securing furniture and other material needed for the show.

(11) It is likewise recommended that letters of commendation be sent to Mr. Cartha D. DeLoach, Mr. Edward C. Kemper, and Mr. James T. Murphy, who handled the details and coordination of this entire program and did a very excellent job.

The Exhibits Section did a tremendous job in handling certain of the props, and Mr. Gauthier is submitting a separate memo for the employees who took part in helping.

RECOMMENDATION:

That the attached letters to persons outside the Bureau be sent. Letters to Bureau personnel are being prepared by the Administrative Division.

Director's notation:
"I signed those to NBC most reluctantly. I didn't like their constant juggling of our part and then to climax it all the sly injection of "state patrol" instead of "parole". Such a thing is not an accident particularly in view of our argument with them about it." Hoover.

Name check request received from Department of Labor on 1/10/58 which reflects Inspector DeLoach being considered by Department of Labor for service on State Re-Employment Rights Committee, Washington, D. C. Membership is in connection with his position as Department Commander of District of Columbia Department of American Legion.

Inspector DeLoach was contacted concerning any knowledge he might have concerning the committee. He stated that this was first time he had heard of it and that if he were tendered appointment to serve on committee, he would decline appointment for obvious reasons.

SA Supervisor W. P. Baker, Name Check Section, Investigative Division, determined from Mr. Raymond J. Doyle, Jr., Division of Investigations and Security, Department of Labor, that State Re-Employment Rights Committee consists of members appointed by Secretary of Labor. Committee acts in an advisory capacity to Secretary of Labor in connection with problems concerning re-employment rights of veterans in Washington, D. C. area which have come to attention of Department of Labor. Membership in committee is voluntary and appointees to the committee are notified of their selection after check has been made on their backgrounds by Department of Labor. MR. NEASE: C.D. DeLoach

Congressman Prince Preston, a close friend of mine and who has always been extremely cooperative with the Director and the Bureau, asked me over to the University Club last night. After discussing various topics with Prince, he stated he had a problem which he desired to discuss in order to determine whether I felt it was proper for him to take certain action. He then proceeded to say that he needed an administrative assistant in his office who not only could run the office but who could be of assistance to him in his home district of Georgia, which is rather extensive. He stated he had thought the matter over very carefully and that he would like very much to come down and see Mr. Hoover for the purpose of inquiring as to whether I could submit my resignation from the FBI and take over as his administrative assistant. He stated that he was not aware of the salary I was receiving but that he would be glad to match this salary and could insure that working for him would lead to bigger dividends later on, either in the Government or private industry. He then stated most frankly that he didn't want to offend the Director in any manner by attempting to proselyte but that he felt this move could be of some benefit to both of us and, at the same time, I could be of benefit to the Bureau by taking part in activities on the Hill. He added that perhaps I might like a day or two to think this proposition over and, if so, he would not say anything to the Director until I had indicated a willingness for this to be done.

I told Prince that I was deeply appreciative of his personal interest, that I respected his friendship and that I knew the Director valued him as a close personal friend, but that, frankly, I didn't need any time to think the matter over. It was then indicated that the Bureau had been my career for the past 16 years, that perhaps more money could be made outside, but that I felt that although I could handle the assignment he wanted me to take, at the same time I could never be absolutely happy in any other job but with the FBI. I also told him that from a practical standpoint I doubted that a position of the type he was mentioning would offer the security that my present position in the Bureau offered.

Prince then stated that he doubted all along that I would accept his proposal but that he wanted to make the offer anyhow. He made the remark that he certainly wished that people in all Federal agencies could be as loyal as he had known FBI employees to be.

Congressman Preston next brought up the subject of the Bureau possibly knowing of an individual who would make a good administrative assistant. He was told that no names came to mind but that we would, of course, make his inquiry a matter of record in the event the Director had any ideas. The Congressman was most apologetic about his having to leave town this morning because of an emergency which arose and stated that he hoped he would never miss an appropriations hearing again at which the Director would be present.

Respectfully,

C. D. DeLOACH

I appreciate DeLoach's disposition of this -

Merely for record purposes, since July 27, 1957, Mr. DeLoach has made a total of 65 speeches. The majority of these speeches have been given before American Legion groups numbering from 50 to 1800 people. All speeches, with the exception of five, have been made after working hours and during weekends. The FBI has been mentioned in some capacity in all speeches. The speeches made before non-Legion groups were made before various civic organizations, in U.S. District Court naturalization ceremonies, and in other capacities.

ACTION:

It is suggested that the above total be made a matter of record in the Crime Records Section.

MEMORANDUM FOR MR. TOLSON

On Tuesday, January 28, 1958, I saw Inspector C. D. DeLoach. Mr. DeLoach stated that he had a personal matter which he wanted to discuss with me.

Mr. DeLoach stated that he had been contacted by Governor Craig, of Indiana, former Secretary of Defense Louis Johnson, and several other prominent persons who have been quite active and prominent in American Legion affairs for some years. Mr. DeLoach stated that these gentlemen had been quite concerned over the fact that a certain individual in New York City who is an adjutant of the American Legion has gathered together approximately two hundred votes which he controls at American Legion National Conventions where the election of officers takes place. As a result of this, the gentlemen who talked with Mr. DeLoach are concerned that the Legion may fall more and more into the hands of individuals who may not have the best interests of the Legion at heart.

These gentlemen inquired of Mr. DeLoach whether he would be willing to consider being advanced by them as a candidate for the National Commandership of the American Legion. Mr. DeLoach observed that he would have to resign from the Bureau for at least two years if he acceded to this request. He also observed that the National Commander of the American Legion receives a salary of $44,000 a year.

RECORDED 263

I told Mr. DeLoach that, of course, this was a matter for his personal decision but that it seemed to me that he should face reality and realize that even though his candidacy might be successful, I doubted very much whether politics could be excluded from American Legion affairs any more than they could be excluded from the affairs of other organizations of all types. I also called his attention to the fact that he obviously would have to be in a travel status almost continuously for two years, that is, for the year he would be campaigning for the National Commandership and then for another year while he was the National Commander if he was successful.

32

Mr. DeLoach indicated that he intended to turn down the offer which had been extended to him but that he did want me to know of it.

TO WHOM IT MAY CONCERN:

Pursuant to your request for a statement showing the conditions alleged to be the cause of the injury, the following information is being furnished:

On 10-7-57, I left Bolling AFB, Washington, D. C., enroute to Spence AFB in Georgia on official business. The cabin of this airplane was nonpressurized and the fact that I had a head cold at the time is believed to be the cause of my left ear stopping up. We left Spence AFB on 10-7-57, and arrived at Eglin AFB, Valparaiso, Florida on 10-8-57, and returned to Bolling AFB on the same date.

When I got off the airplane I noticed that my left ear appeared to be stopped up. I was not of the opinion at that time that medical treatment should be obtained, but when the condition did not clear up by the following morning, (10-9-57), I reported to the FBI Health Service at which time I was referred to the U. S. Public Health Service for treatment.

The condition no longer exists and I am not making any claim for compensation under the provisions of the Federal Employees' Compensation Act.

The dates indicated on compensation forms CA-1 and 2 are in error and I regret not being more careful in executing the referenced forms.

I am unable to state the altitudes reached during the afore-mentioned flights.

Before writing a lone on "The FBI Story" I feel compelled to thank you. First, for the chance to see the Bureau in operation; but mainly for the opportunity of meeting the men and their families. I've rarely been so impressed.

I'd be guilty of the worst kind of laziness if I didn't cite particularly: Mr. DeLoach, Mr. Kemper and Mr. Murphy. Time and time again I was struck by their intelligence, purposefulness, generosity of mind. It came as no surprise; but it's still reassuring to have one's view confirmed.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

DATE: February 19, 1958

FROM : G. A. NEASE

SUBJECT: CARTHA D. DE LOACH
INSPECTOR

ATTITUDE

The purpose of this memorandum is to report that the captioned employee reported for work on 2-18-58, notwithstanding the extremely hazardous travel conditions. In accordance with the Director's instructions this is to be made a matter of record in the employee's personnel file and considered as a COMMENDATION.

On Saturday, 2-15-58, the Washington, D. C., area was blanketed by fourteen inches of snow as a result of a storm which the Weather Bureau termed the worst that has struck this area in twenty-two years. Thereafter, high winds and near zero temperatures set in for several days making travel conditions extremely hazardous.

On Monday, 2-17-58, in recognition of the hardships and hazards that Federal Government employees would face in coming to work, a White House announcement was made encouraging such employees to stay home and take a day of annual leave. During the late afternoon of 2-17-58, a further official announcement emanated from the White House instructing that all Government employees who were not considered essential would be excused from work on 2-18-58 on Administrative Leave.

The captioned employee considered his work and his services to the FBI so essential that in spite of the foregoing announcement he took it upon himself to come to work and perform his regularly assigned duties. This is considered a highly exemplary attitude on the part of this employee and his actions in this instance certainly demonstrate his devotion to duty and the fact that he places his employment with the FBI above his personal convenience.

RECOMMENDATION:

That this memorandum be placed in the employee's personnel file.

The following is a brief and concise summary of Mr. DeLoach's record for the Director's use.

His file reflects that he entered on duty as an agent on 12-14-42 and was assigned to the Norfolk Office. Since then he has served in various field offices, having served as a Resident Agent, and he has been assigned to the Seat of Government since 7-14-47. On 12-10-51 he was designated as an Inspector and is presently serving as #2 Man to Mr. Nease. On 3-31-57 Mr. Nichols rated him EXCELLENT.

Since January, 1957, he has been COMMENDED on two occasions the last being on 2-19-58 for his highly exemplary attitude for reporting for work on 2-18-58 notwithstanding the extremely hazarduous travel conditions as a result of a snow storm. By letter dated 9-20-57 the Director expressed appreciation to him for the excellent arrangements he made in connection with the Director's appearance before the National Convention of the American Legion in Atlantic City. He was CENSURED one occasion for a number of nonsubstantive errors which had been detected in official correspondence reviewed and approved by him. This letter was dated 11-21-57.

By letter dated 7-30-57 the Director congratulated him on his election as Commander of the Department of District of Columbia. On 1-29-58 the Director congratulated him on the occasion of his Fourteenth Anniversary with the FBI.

On 1-28-58 the Director saw him and Mr. DeLoach advised that he had been contacted by Governor Craig of Indiana, former Secretary of Defense Louis Johnson, and several other prominent persons in the American Legion who inquired whether he would be willing to consider being advanced by them as a candidate for the National Commandership of the American Legion. He observed that he would have to resign from the Bureau for at least two years if he acceded to this request. He also observed that the salary would be $44,000 a year. The Director advised him that this was a matter for his personal decision. DeLoach indicated that he intended to turn down the offer and the Director thought this was a wise decision for he certainly had a good future in the Bureau.

He makes many speeches in a highly efficient manner judging from comments received from persons outside the Bureau.

During the rating period he has been commended on being elected Commander of the District Department of The American Legion and also for the excellent work he did at The American Legion convention in Atlantic City, last summer, and for his work in connection with the Wide Wide World television program. Dear Mr. Hoover:

On behalf of the members of the Joint Committee on Atomic Energy, I wish to tell you how deeply we appreciate the assistance rendered by representatives of your agency to our late colleague, Congressman John J. Dempsey, just prior to his death.

During the weekend of March 8, Congressman Dempsey was undergoing emergency blood transfusions at George Washington Hospital when a potential shortage of the required type blood developed at the hospital. Inspector Deke DeLoach and Special Agent William Hyde of the Federal Bureau of Investigation arranged with a member of my staff whereby blood donors from your agency would be made available in the event it became necessary.

My colleagues and I are extremely grateful to your agency for its assistance, and particularly the help of Inspector DeLoach and Special Agent Hyde whose actions typify the generous spirit of FBI personnel.

I would appreciate it if you will personally convey my thanks to the persons in your organization who were so willing to be of assistance.

Sincerely yours,

My dear Mr. Hoover:

It was our great pleasure on April 12th to have had Mr. Cartha D. DeLoach, from your Headquarters, as the principal speaker at a four-state Americanism Conference held at the Hotel Stacy-Trent in this city.

Mr. DeLoach brought to the conference a very splendid and timely message concerning the very serious matter of crime in the United States and a very realistic resume of the ever-increasing danger of Communism.

We consider ourselves very fortunate in having had Mr. DeLoach speak to us on such an important occasion and for our Department Commander, Warren R. Davies, and myself, permit me to say that we are deeply grateful to you for making it possible for Mr. DeLoach to be with us on Saturday.

Very sincerely yours,

SUBJECT: COMMITTEE FOR INTERNATIONAL ECONOMIC GROWTH
DE LOACH, CARTHA D.

The above-captioned organization is a committee formed by the White House under the guidance of Eric Johnston, President, Motion Picture Association of America, Incorporated, and Earl Cocke, Jr., past National Commander of the American Legion and a former candidate for Governor of the State of Georgia. Cocke's father, Earl Cocke, Sr., is President of the American Banking Association this year. The captioned committee has been formed for the purpose of encouraging mutual assistance in foreign aid.

Cocke called Mr. DeLoach April 24, 1958. He and National Commander Jack Gleason have discussed the designation and appointment of a Legionnaire who will serve as a liaison representative between the American Legion nationally and the captioned committee. The committee believes that the American Legion can be very instrumental in assisting in its public relations drive for mutual aid for foreign countries. Cocke stated that he had recommended Mr. DeLoach's name to this appointment and that Gleason had concurred. He stated the position would not detract from DeLoach's job at the FBI but would entail considerable work at night in meeting with the various committees and in keeping the National Commander advised of the day-to-day activities of the captioned group. Cocke indicated the acceptance or rejection would not have to be given at this time but that he would appreciate an answer by April 29, 1958.

RECORDED - 144

338728-269

Although Cocke is very friendly and cooperative, he is considered an opportunist and an individual who will take every chance to get his name in the headlines. He no doubt has in mind that the appointment of an FBI representative to this particular assignment will lend credence that the FBI has possibly given its blessings to the captioned committee.

Senator Herman Talmadge subsequently called DeLoach and stated that Cocke had been in to see him. The Senator indicated he wanted to state completely off the record that Cocke was up to his old tricks, that

Memorandum to Mr. Tolson:

he felt Cocke was merely trying to use the FBI and that we should not be roped in on this matter. The Senator was told that Cocke's reputation was well-known and that we appreciated his advice. Senator Talmadge mentioned he, of course, needed Cocke's influence in the State of Georgia but he personally was very much against foreign aid and very definitely would hate to see Cocke pulling his shenanigans with the FBI. He stated that Cocke's reasons for being with the captioned committee were mostly to gain publicity for himself in order to support a campaign for the Governorship of Georgia within the near future. The Senator will not support Cocke in his campaign.

ACTION:

Mr. DeLoach will tell Cocke on April 29, 1958, that his offer is deeply appreciated but it will be impossible to accept this appointment. Cocke will be told that it is impossible for FBI representatives to divorce their professional connections from their Legion affiliations, that regardless of the fact that the FBI would have nothing to do with the appointment, at the same time many individuals might believe it was the FBI acting in such a capacity rather than the American Legion. He will also be told that the pressure of work just does not allow any additional responsibilities at this time.

My memorandum 6/10/58 reflected a call from SAC Powers, New York, on Friday, 6/6/58, who told Mr. DeLoach he had received an inquiry from Mary Cadwallader, Life magazine, who desired the number of investigative employees in the FBI. Miss Cadwallader told Powers that this week's issue of Life would contain an editorial re the charges leveled by Cyrus S. Eaton against the FBI and other investigative agencies. The Director noted, "Was this called to my attention?"

Mr. DeLoach did not prepare a memorandum at the time the call was received. This should have been done. The following is not offered in any attempt to disregard responsibility, but occured with respect to this matter:

SAC Power's call was received late Friday, 6/6/58. Mr. DeLoach, over the week-end, attempted to procure further information in a discreet, informal manner so that we could have further information and a more informative memorandum could be written. No information was available through established contacts. Although SAC Powers referred Miss Cadwallader to the Bureau, she has not called as yet.

All previous memoranda written concerning this matter, including the considerable information procured on a confidential basis from the House Committee on Un-American Activities, have been written the same day it was received. The information concerning Life magazine should have received the same treatment. This matter has been discussed thoroughly and will not recur. The failure to promptly advise the Director is sincerely regretted. This week's issue of Life will be on the newstands Thursday, 6/12/58. The editorial in question will be promptly analyzed and a summary memorandum will be submitted.

A memorandum was prepared individually yesterday (6/10/58) regarding the call from SAC Powers, but at the time the call was received from Mrs. Coleman, Railroad Retirement Board, another memorandum was prepared and it was deemed advisable to consolidate the two memoranda.

The following is a brief and concise summary of Mr. DeLoach's record.

His file reflects that he entered on duty as an agent on 12-14-42 and was assigned to the Norfolk Office. Since then he has served in various field offices, having served as a Resident Agent, and he has been assigned to the Seat of Government since 7-14-47. On 12-10-51 he was designated as an Inspector and is presently serving as #2 Man to Mr. Nease. On 3-31-58 Mr. Nease rated him EXCELLENT.

Since January, 1957, he has been COMMENDED on three occasions the last being on 4-14-58 for his excellent supervision of the preparation of a series of tapes which were used on the "Monitor" radio program. By letter dated 9-20-57 the Director expressed appreciation to him for the excellent arrangements he made in connection with the Director's appearance before the National Convention of the American Legion in Atlantic City. He was CENSURED on one occasion for a number of non-substantive errors which had been detected in official correspondence reviewed and approved by him. This letter was dated 11-21-57.

By letter dated 7-30-57 the Director congratulated him on his election as Commander of the Department of District of Columbia. On 1-29-58 the Director congratulated him on the occasion of his Fourteenth Anniversary with the FBI.

67-338728-272

On 1-28-58 the Director saw him and Mr. DeLoach advised that he had been contacted by Governor Craig of Indiana, former Secretary of Defense Louis Johnson, and several other prominent persons in the American Legion who inquired whether he would be willing to consider being advanced by them as a candidate for the National Commandership of the American Legion. He observed that he would have to resign from the Bureau for at least two years if he acceded to this request. He also observed that the salary would be $44,000 a year. The Director advised him that this was a matter for his personal decision. DeLoach indicated he intended to turn down the offer and the Director thought this was a wise decision for he certainly had a good future in the Bureau.

His daily average overtime for the past six months is as follows: December, 3 hours 50 minutes; January, 1958, 2 hours 13 minutes; February, 2 hours 17 minutes; March, 2 hours 20 minutes; April, 3 hours 1 minute, and May, 3 hours 15 minutes.

His offices of preference as of February, 1958, were listed as the Seat of Government and Miami.

Administrative action is presently pending against Mr. DeLoach for an error appearing in a communication prepared by him under date of 6-17-58 addressed to Mr. Jack Carley, Associate Editor of the "Commercial Appeal", Memphis, Tennessee. The word "your" was erroneously spelled as "you" in this communication.

On 6-11-58 Mr. Nease advised his memorandum 6-10-58 reflected a call from SAC Powers, on Friday, 6-6-58 during which he told DeLoach he received an inquiry from Mary Cadwallader, Life Magazine, who desired the number of investigative employees in the FBI. She said this week's issue of Life would contain an editorial re the charges leveled by Cyrus S. Eaton against the FBI and other investigative agencies. Dear Mr. Hoover:

I am deeply grateful for your letter of this afternoon advising me of a promotion to GS-16.

There is no doubt but what a man goes sour when he doesn't like his job. When a person is blessed, however, with the work he thrives upon and has superiors he respects highly, then there is no sacrifice too great to be accomplished. I sincerely feel that way about being an FBI representative and working for you.

I have always enjoyed responsibility and hard work. To think that you have faith enough in me to allow this promotion gives me inspiration for the future. I will do my best to merit this much-appreciated recognition.

Sincerely,

Dear Mr. Hoover:

Always we have been grateful for your personal interest in our programs, and now I want to express our appreciation for your consideration of the Legion activities of one of your staff, Inspector Cartha D. DeLoach.

"Deke's" outstanding abilities came to our attention several years ago and he was soon recognized as leadership material, and we watched his steady progress from the rank and file Legionnaire to the highest office in his Department with great interest. I was present at the District of Columbia Department Convention to see the climax of his year as Department Commander, where he did an excellent job as presiding officer.

Through his many contacts with our National offices, I have grown to admire him in his work and respect him as a personal friend. In every instance I feel, and I am sure all Legionnaires who have had the privilege of working with "Deke" will concur, he has reflected much credit on both The American Legion and the Bureau. I would like to add my personal commendation to what I am sure is an exemplary record.

With kindest regards, I am

Now that my year as Department Commander of The American Legion has reached an end, I wanted to take this opportunity to express my sincere appreciation to you for allowing me to fill this position and to carry out the duties in connection therewith.

Being recognized as an employee of the FBI not only made possible the election to this position but also allowed me to accomplish a number of things in which I humbly hope will mean something in the future to the Americanism, Child Welfare and Rehabilitation fields of The American Legion. None of these things could have been achieved without the fact that I was known as an FBI employee and that you are a sincere, good friend of The American Legion.

C.D. DeLoach

As you are aware, the District of Columbia American Legion completed its 3-day annual convention Saturday night at which time George A. Lawrey was elected to succeed Inspector DeLoach as Department Commander.

The inaugural ball and banquet was held at the Shoreham Hotel, and approximately 500 Legionnaires were present. Several Bureau Legionnaires were on hand, and we have been informed that Inspector DeLoach received a special award in the form of a handsome trophy for "The Legionnaire who rendered the most outstanding service to his fellow man." In addition, the Jewish War Veterans attended this convention in a body and presented Inspector DeLoach a handsome plaque honoring him for his outstanding leadership and his dedicated service "in leading all Veterans in the common cause for God and country." DeLoach was further honored by being named alternate National Executive Committeeman by acclamation.

The new Department Commander, George A. Lawrey, was extremely helpful to Mr. DeLoach during the past year and is very favorably disposed toward the Bureau, and it is being recommended we send him a congratulatory note.

Former National Commander Dan Daniel was a speaker at the banquet at which time he lauded the Director and called the FBI "one of the greatest organizations of all times."

RECOMMENDATIONS:

District Legion Convention Ends

The District American Legion wound up its three-day annual convention last night with the election of its officers and an inaugural ball in their honor at the Shoreham Hotel.

The newly elected commander was George A. Lawrey, formerly a department vice commander. He succeeds Cartha D. DeLoach.

The five department vice commanders elected were the Rev. Dr. Reuben Minor, Cornelius Moerdyk, Richard Viancour, Horace E. Sears and Dr. Harry S. Sembekos.

John J. Finn was elected national executive committeeman, with Mr. DeLoach as alternate. The convention appointed Franklin H. Britton as department adjutant and Stewart W. Parker as finance officer.

In a meeting yesterday, the Department passed a number of resolutions. Two of them urged:

Congressional action to retain enemy property seized during World War II as compensation for United States citizens who lost property in enemy countries.

Enactment of a law instructing Government personnel who make international flights on Government business to use United States airlines if possible, rather than foreign ones.

For record purposes, Inspector C. D. DeLoach phoned at 3:30 P.M. advising that while en route with his family to Bethany Beach, Delaware, this afternoon, DeLoach's private automobile was run into at the rear by two state troopers driving a Maryland State Police car whose brakes had burned out, causing the car to careen into the back of DeLoach's car. DeLoach said there was not too much damage to his car and that he would be able to continue to Delaware. The officers have admitted their complete liability and have given DeLoach a statement to that effect, advising that the car has, on one or two previous occasions, shown indications of defective brakes.

At the time of the call, DeLoach was phoning from the scene of the accident, which was on Route 50 just over the District line into Maryland, stating that the sergeant from the State Police Barracks was currently en route to examine the scene; however, DeLoach wanted the Bureau to know of this matter as a crowd had gathered and in view of a state police car ramming into the car of another law enforcement officer, some inquiries might be received.

DeLoach advised his family was uninjured and they were all taking the thing as a big joke, although the accident will cause some repair to be made to the DeLoach automobile.

Oklahoma Man Picked As Legion Commander

CHICAGO, Sept. 5 (AP).—The American Legion ended its 40th annual convention yesterday, electing Preston Moore of Stillwater, Okla., its new national commander and affirming its traditional condemnation of communism.

The exodus of thousands of Legionnaires left Chicago's Loop with the comparative quiet of everyday business. Hours-long parades, antics of delegates and whoops, sirens and bells had lent a carnival atmosphere to the city the last 10 days.

Mr. Moore, 38, a lawyer and World War II Army Air Corps veteran, was elected by a margin of nearly 5 to 1 to head the Legion, which now claims 2.7 million members.

National vice commanders elected at the convention include FBI Inspector Cartha D. De Loach of 105 Morningside drive, Alexandria, Va.

Offensive Stand Urged

In his acceptance speech, Mr. Moore said the United States must take the offensive in the struggle between the free world and communism.

"We must rid America of the defeatist, destructive philosophy that we can only defend against communism," he said. ". . . Clearly, we must seize the initiative if the cause of freedom is not to be lost ultimately and completely."

Before the election, the delegates whipped through a host of resolutions. Among them, the Legion called for United States military strength second to none; condemned Communist activities in the Middle East, the Formosa Straits, Indonesia and Latin America; criticized United States leadership as aiding international communism in the Middle East by "lack of a firm foreign policy"; implied failure of United States policy makers to come to grips with Latin American problems, and rejected an assertion by Defense Secretary McElroy that America still leads the world in military strength.

Strong Defense Asked

The Legionnaires also demanded "a halt to any cutbacks in the defense program" and asked that Congress "use every available means to finance the strongest defense and military preparedness program possible."

In another resolution, the Legion backed the United States policy of aiding Formosa against aggression of Red China and renewed its sweeping opposition to any recognition of Red China in trade or diplomatic relations, or as a candidate for membership in the United Nations.

The Legion also opposed Federal funds for public schools as a possible step toward thought control of the Nation's children, and criticized the Supreme Court for having "adopted the role of legislative policy maker" in recent decisions, including a ruling that the FBI must make available its pertinent secret files to persons brought to trial on subversive charges.

Mr. DE LOACH invited me to attend the National Commanders Dinner of the Legion last night, at which Secretary of Defense NEIL H. MC ELROY gave the main address. With him was SA DONALD HANNING.

Inasmuch as the Bureau sent them out here in connection with the convention, I thought you would like to know my impression of their relationship and handling with the group. It was very apparent that DE LOACH knows just about everybody there is to know who is of any prominence in the National and State Legion groups and it was quite obvious from their conversation with him, which I witnessed, that they think well of him and respect him. He appears to be doing a very creditable job in his functioning with this important group and I thought you would like to know about it.

Dear Commander Lawrey:

I have received your letter of September 12, 1958, advising of the Testimonial Dinner at the National Press Club on September 18 in honor of Inspector DeLoach.

While I would certainly like to be with you on this occasion, a previously scheduled commitment on that date prevents my doing so; however, I certainly welcome the opportunity of furnishing a testimonial message which you may read at the Dinner. I am glad to be of service in this regard, and you and your members have my best wishes for a most successful event.

It is indeed a pleasure to extend greetings to the members of the District of Columbia Department of The American Legion and to your honored guest on this occasion, and I deeply regret that I am unable to be with you personally.

Over the years, we of the FBI have been proud--and, indeed, most fortunate--to number among our close friends the loyal and patriotic Legionnaires throughout the country. This is a relationship we greatly cherish. I, of course, have followed the work and progress of Cartha D. DeLoach within your organization, and I am exceedingly pleased with what I have seen. His responsible position in the FBI is indicative of the confidence we have in his capabilities, and it is most reassuring to me to know that he is held in such high esteem by his contemporaries within the Legion.

Accordingly, I welcome this opportunity to join you in this tribute to Inspector DeLoach, and send my very best wishes to each of you for every possible success in your Legion activities.

Sincerely yours,

John Edgar Hoover

Above-captioned study commenced 10/24/57 with Colonel M. E. Groover, physician in U. S. Air Force, assisting in studies concerning participating Bureau officials. Blood samples taken from such officials at monthly intervals since 10/24/57, last being taken 8/14/58. On occasion of taking blood sample of 8/14/58, Colonel Groover stated studies by him indicated that Inspector in Charge Gordon A. Nease and Inspector C. D. DeLoach, both of Records and Communications Division, showed evidence of apparent stress which might ultimately cause physical damage. Both Inspector in Charge Nease and Inspector DeLoach are fully aware of Dr. Groover's findings as a result of his "stress factor" test inasmuch as Dr. Groover personally talked to them both.

Additional information secured from Dr. Hames of Claxton, Georgia, who on an over-all basis has been the physician directly engaged in running and evaluating the tests, indicates that Colonel Groover's statements are premature and that no definite evaluation of a "stress factor" can be made until one year has elapsed from the time tests for the "stress factor" commenced. This information was furnished by Dr. Hames to Inspector DeLoach on the occasion of his contacting Inspector DeLoach to ascertain whether it would be possible to accelerate the shipment of the blood samples to him. There has been some delay out of Colonel Groover's office and action is being taken to accelerate such shipments.

Colonel Groover advised that such "stress factor" tests began only recently and that they have been made in conjunction with the over-all cholesterol blood factor study. These "stress factor" tests have been made by Colonel Groover unknown to Dr. Hames and although Colonel Groover has simply been extending additional services to the Bureau officials, Dr. Hames stated that since he now has the experimental facilities available in order to run such "stress factor" tests himself, he much prefers that from this point on he personally conduct such tests.

338728-289

This entire "stress factor" field is a highly experimental one. Colonel Groover made it clear that the "stress factor" is developed as a corollary in conjunction with the three tests given the blood samples furnished by participating officials. One test consists of injecting a certain amount of serum taken from the blood into white rats. If an excessive amount of cholesterol is present in the blood, the portal vein of the rat is blocked within a period of an hour or two and the rat dies. The second test consists of ascertaining the [illegible] fatty acid content of the blood. A third test is to ascertain

Alpha Beta Lipoprotein. This latter test has been used recently as a substitute for a basal metabolism test. Colonel Groover stated that he does not know exactly what causes the "stress factor" which appears in the course of such tests and he stated that experimentation is far from complete in this field.

Attached is a chart showing the cholesterol averages for the participating individuals since the beginning of the program. Another portion of this chart shows the variation in the cholesterol count of such individuals. At the inception of the program Colonel Groover stated that this variation factor is a very important one and it has been found that where the cholesterol count varies to a great degree, a heart involvement may be likely. At the present stage of the study, Colonel Groover said that none of the participants show an excessive variation but he made it clear that the study itself cannot be evaluated until it has run for a period of about a year from the standpoint of the cholesterol factor itself.

It would appear that Colonel Groover and Dr. Hames are at variance to a degree only on the point of the "stress factor" as it appears in the cases of Inspector in Charge Nease and Inspector DeLoach. Neither doctor has expressed any feeling that the results of other tests involved to date show any problem concerning the participating officials. Inasmuch as Dr. Hames has clearly stated to Inspector DeLoach that the "stress factor" cannot be evaluated until tests have been run for at least a year, it is felt that no additional action should be taken at this time but the results should be closely followed and any recommended action taken at such time as complete information is available.

RECOMMENDATION:

That no action be taken at the present time but that the results of these tests be closely followed so that any necessary corrective action may be taken.

Re: C. D. DE LOACH
RECORDS & COMMUNICATIONS

Sid Epstein, City Editor of the Washington Evening Star, called Mr. DeLoach late this afternoon and said that there had only been two National Vice Commanders of The American Legion within the Metropolitan area and that he thought this was the basis for doing a brief profile on DeLoach. He wanted to send Michael Mok of the Star over to talk to DeLoach ~~at 9:30 a.m.~~ tomorrow morning. DeLoach told him this matter had already been in the papers in connection with the national convention and there did not appear to be any further need of writing anything. Epstein stated that he wanted to do this, however; that it would be entirely favorable to the FBI and the American Legion and he would appreciate a favorable response.

I have discussed this matter with De Loach and although he is somewhat embarrassed at the request, I see no harm in allowing a short, controlled write-up in connection with this matter. If you approve, I will tell him to call Epstein and tell him it will be perfectly all right.

I attended the testimonial dinner last night given by the District of Columbia Department of The American Legion in honor of Mr. DeLoach.

I simply want to record the fact that I think this was a very fine tribute to DeLoach and the excellent job he obviously has done in working with the Legion. There were some 200 people present and included such individuals as Louis Johnston, Judge John Lewis Smith, Jr., of the Municipal Court, Lynn Stambaugh, Vice President of the Export-Import Bank, and Arthur Clarendon Smith; in other words, those in attendance ranged from such individuals as mentioned to various Government employees, garage mechanics, and one table was occupied by members of the colored Legion Post in the District. The Director's letter was read by the master of ceremonies and received an excellent response from the entire group. Mr. DeLoach was presented with a portable television set and a combination high-fidelity radio and wire recorder.

In response, Mr. DeLoach handled himself exceptionally well and made a very fine extemporaneous talk.

Dear Mr. Hoover:

I am deeply grateful for the very kind, generous message which you forwarded to The American Legion and which was read at the Legion dinner given at the National Press Club last night, September 18, 1958.

Although it is fully realized that the testimonial dinner, which the Legion gave, was completely undeserved, at the same time I must admit that it was a great thrill for me to be a part of this event and to understand the deep respect the Legionnaires have for the FBI. My employment with the Bureau, and being recognized as one of your employees, has paved the way for me in The American Legion. There is no doubt but what the dinner last night was a form of tribute to the FBI rather than myself.

Again, thank you so much for your very nice message which was read to the entire group of some 300 individuals and which was received with a great deal of good feeling.

Thank you so much for your most thoughtful letter of September 17. It was a rugged campaign again and one can never be sure until the ballots are counted, but I was pleased with the outcome and am indebted to so many friends for so much help.

Permit me to take this opportunity to congratulate you upon being elected National Vice Commander of The American Legion. This is a recognition you richly deserve and I think the Legionnaires are to be congratulated upon their excellent selection. I know you will carry on the duties of this new office in a splendid manner and in such a way as to reflect credit upon the whole organization.

SUBJECT: DINNER IN HONOR OF AMERICAN LEGION BASEBALL CHAMPIONS 9-24-58

Special Agent Mario Gregorio, an aide presently assigned to the staff inspecting the Domestic Intelligence Division, advised that last night he and Inspector C. D. DeLoach, Records and Communications Division, were principal speakers at a dinner in honor of Washington Gas Light Post No. 44 District of Columbia and Region No. 3 American Legion Baseball Champions. The dinner, held at the Touchdown Club, 1414 I Street, Northwest, was sponsored by the Home Plate Club of Washington, D. C. A number of local business and professional men, educators and sportsmen were in attendance.

As indicated in a recent memorandum SA Gregorio acted as General Manager for Washington Gas Light Post No. 44 team during its participation in national competition. The team ended its season as one of the best 12 of 18,000 teams in United States and territorial possessions which participated in the widely acknowledged American Legion National Baseball Championships.

Inspector DeLoach, recently elected a National Vice Commander, American Legion, presented a most inspiring talk which was well received by those in attendance. SA Gregorio's remarks concerned the team's activity during the season. After the dinner many favorable remarks were passed concerning the Director and the Bureau's work.

On Sunday morning, the first of two "Monitor" programs was broadcast. The second program was broadcast later in the afternoon. Inspector Cartha D. DeLoach narrated the two spot programs. SA Charles E. Moore, Jr., of the Crime Records Section gathered the material and prepared the scripts used. He and Inspector DeLoach handled all the arrangements for the taping of the two "Monitor" programs.

Supervisor C. Benjamin Fulton of the Crime Records Section listened to the "Monitor" program on Sunday and indicated that Inspector DeLoach made an excellent impression with his prompt, clear and concise answers to questions. The narration highlighted several individual cases and proper credit was given to local and state police for their assistance to the FBI in these important cases. The Crime Records Section has received comments from others in the Bureau who heard the program and without exception these comments have been most favorable.

The programs were well prepared and the excellent narration by Inspector DeLoach resulted in a most favorable presentation concerning the FBI.

Washington, D. C.

Dear DeLoach:

I am taking this means to commend you for your excellent narration of the two five-minute programs concerning the increase in bank robberies which were broadcasted on "Monitor" on Sunday, November 23, 1958.

These presentations have definitely enhanced the FBI's reputation and I feel you made a most favorable impression through the prompt, clear and concise manner in which you responded to the questions asked you. Your performance was a credit to you and to the Bureau and I want you to know I am most appreciative.

Sincerely,

Dear Mr. Hoover:

Cartha DeLoach

I am deeply and humbly grateful for the opportunity you have given me in my new assignment. I, of course, do not feel this represents the culmination or a victory for hard work in the past. To the contrary, it represents a challenge, new fields to conquer, and above all, an opportunity to work harder for you and the Bureau.

There is no doubt but what mistakes will be made. I will accept full responsibility for such errors and there will be no "crying" on my part. Such mistakes will, however, represent unintentional errors caused by desire to do everything possible to further the Bureau's progress.

Many people may work for years in a well chosen rut of security yet not happy in their own minds because there is no challenge. I could never do this. I am deeply grateful that you have allowed me, throughout a great deal of my Bureau career, to handle the work I like most and do best. There will never be any deviation of loyalty, self-sacrifice or hard work on my part.

Sincerely yours,

D. Loach

INSPECTOR IN CHARGE G. A. NEASE:

Mr. DeLoach makes an excellent personal appearance, is above average in intelligence, has enthusiasm, and is ambitious to advance as far as he can in the Bureau. His performance as #2 Man of this division is entirely satisfactory. He has not had an opportunity to function for any length of time as head of the division during the absence of the Inspector in Charge or the #1 Man, but it is believed that he is capable of doing so and he has so indicated during short periods of time.

Mr. DeLoach is adept at dealing with the press and has a good public relations sense. His outstanding performance has been in connection with the American Legion and other veterans' organizations in the country. He was recently elected National Vice Commander of the American Legion. He makes numerous speeches, particularly before the veterans' groups and I consider him to be an excellent speaker. He has also demonstrated his ability to handle programs relating to radio, television and motion pictures in a satisfactory manner. He also assists in handling Congressional relations which he likewise does in a very satisfactory manner.

Since the date of his last performance rating, Mr. DeLoach has been censured on one occasion for errors detected on correspondence reviewed by him and a memorandum was placed in his file for his failure to promptly record a telephone call received which was of interest to the Director. He was likewise commended on two occasions in connection with his work performance and on two other occasions for his activities in connection with the American Legion.

INSPECTOR J. F. MALONE: Mr. DeLoach makes a good appearance. He is an excellent speaker and is doing a good job in his present assignment. He is in charge of tours and handles a good portion of the press.

Mr. DeLoach was questioned as to whether or not the top officials of the Division were pulling together in complete support of Mr. Nease. He stated that in his opinion Mr. Nease was doing a very good job and in so doing was receiving the support of everyone. The inspection findings generally were reviewed with Mr. DeLoach.

He has an excellent attitude. Inspection findings reflects no weaknesses in matters under his supervision. Mr. DeLoach advised the Inspector that he is completely available for and interested in administrative advancement.

In view of the resignation of Mr. Nease, Inspector in Charge of the Records and Communications Division, I would like to recommend the following organizational setup:

1. That Mr. McGuire be designated as Inspector in Charge of the Records and Communications Division and that there be assigned to this Division the Records Branch, the Communications Section and the Reading Room. I would suggest that Frank W. Walkart, Supervisor in Charge of the Records Branch, be designated as Mr. McGuire's Number One Man.

2. The establishment of a new division to be designated as the Crime Records Division. Under this Division would be assigned the present Crime Records Section of which Mr. Jones is the head, ~~including~~ Tours, and the other work assigned to the present Records and Communications Division other than the Records Branch, Reading Room and Communications Section.

I recommend that Mr. DeLoach be designated as Inspector in Charge of the Crime Records Division, that Inspector H. Lynn Edwards be designated as Number One Man to Mr. DeLoach, with Mr. Wick as Number Two Man. I think it will be necessary to assign another representative to the Fifth Floor to handle public and press inquiries but this can be worked out later.

There is attached an assignment chart of the present Records and Communications Division.

CARTHA D. DE LOACH
ASSISTANT DIRECTOR
ENTERED ON DUTY AUGUST 31, 1942
CRIME RECORDS DIVISION

Mr. DeLoach is in charge of the Bureau's Crime Records Division and in this position has over-all supervision of the Bureau's crime research matters, correspondence, publications including the Bureau's Uniform Crime Report Bulletin and the FBI Law Enforcement Bulletin, tours and special projects.

Mr. DeLoach is a most exceptional employee who has been promoted up through the ranks until today he occupies one of the most responsible positions in the Bureau. His progress has been due to his outstanding ability, energy and devotion to duty. He has superior leadership qualities, inspires confidence and possesses an indomitable spirit. He is an indefatigable worker and displays extraordinary stamina in executing the heavy responsibilities of his office. He has boundless enthusiasm and a most engaging, yet forceful, personality which has contributed greatly to the effectiveness of his liaison with high placed officials in the Government and private enterprise. His judgment has been unerring and he has displayed a keen ability to define objectives and arrive at proper conclusions. Outstanding initiative and resourcefulness have always characterized his performance and he has displayed the knack of making sound, spot decisions which are so essential in his position. He thrives on hard work and new challenges and is constantly advancing ideas for the betterment of the Bureau's service.

Mr. DeLoach has represented the Bureau on many occasions at conferences, meetings, private and public affairs where the Bureau had a direct interest and on every occasion he performed most creditably. His sole objective seems to be to discharge the responsibility of his office in a superior fashion even though his personal life must be relegated to the background. He possesses all of the necessary attributes expected of a top-flight executive, having unusual administrative talents, keen intellect, outstanding balance, drive and perception. However, his devotion to duty seems to transcend all of the other outstanding qualities he possesses.

He is a distinct credit to the Bureau, the Department and the entire Government service which he has been serving so well for over fifteen years. Through his superior performance during the rating period, he has most assuredly earned an Outstanding performance rating.

Dear Mr. Hoover:

Your letter of May 4, 1959, advising me of an Outstanding performance rating, was received with a great deal of humility and pride. I feel completely unworthy of this recognition but hope that in some manner I can live up to the confidence that you have placed in me.

To have the heartfelt honor and distinction of having the title of "Assistant" to John Edgar Hoover is something that I deeply cherish. This honor alone is a coveted assignment for which I will fight, slave or carry on in any other manner to fully express my loyalty and devotion to you. The Outstanding performance rating, however, is something which was completely unexpected but something that I greatly appreciate. I cannot help but be constantly inspired in my assignments which offer continuous challenges. I sincerely get a big thrill out of thriving on the additional responsibilities and work that have come my way.

With sincere gratefulness,

Sincerely,

Martha D. DeLoach

THE AMERICAN LEGION
DEPARTMENT OF IDAHO

516 Eastman Building

May 6, 1959

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Justice Department
Washington 25, D. C.

Dear Mr. Hoover:

Although we Legionnaires in the Gem State of Idaho out here are quite a distance from our Nation's Capitol and from the more heavily populated areas of the United States, we still follow with keen interest the activities of your Bureau and are thankful that we have such a wonderful agency protecting this nation of ours. I am sure that I speak for every Legionnaire in Idaho when I say that we are extremely grateful to have two great men like you and your Assistant Director, "Deke" to follow in our campaign for a strong and free America.

The Department of Idaho is very proud of the fact that we had a National Vice Commander, James L. Bangs, who served during this past year with National Vice Commander DeLoach. From all that we hear from Jimmy and our National Executive Committeeman, Hawley Atkinson, "Deke" is one fine Legionnaire and a solid American.

We are holding our Department Convention in the city of Twin Falls, June 25-28 this year. Our convention proper will open the morning of Friday, June 26. We would be very happy if we could have Vice Commander DeLoach with us for our Department Convention. We know that "Deke" is going to be very busy, both with his official government duties and with his Legion duties about this time, but we would certainly appreciate it if he could be with us for any time at all during our convention.

It has been our custom for several years to invite the Agent in Charge of the Butte Office, one of his Idaho Agents, to our Department Convention, and we plan to do this again this year. However, we would be everlastingly grateful if we could have "Deke" with us for our annual meeting this year. We certainly hope that you will find it possible to make arrangements for "Deke" to attend the Idaho Department Convention. We are certain he could give our convention delegates a message they would carry back to their local communities and repeat for many years to come.

Please accept our thanks for your courtesy and trouble in this matter.

Best regards,

LOU BABB

I want to express my extreme displeasure at the manner in which the proposed remarks for my use in the television interview with Senator Smathers has been handled. I corrected these remarks on May 18 and indicated I would do the broadcast at 11:00 A. M., May 20. By reason of heavy commitments on my schedule it did not occur to me until late May 19 that I had not yet received the remarks which I would have to use. Obviously I have not had the time to prepare myself for this broadcast as I should have had.

It is the function of Mr. DeLoach's Office to prepare such matters sufficiently in advance to give me some leeway to fit into my schedule a study of the remarks which I have to make. It is also the very definite function of Mr. Holloman of my office to follow up on such matters to see that I get them if there occurs any delay in Mr. DeLoach's Office.

In this particular matter Mr. DeLoach's Office did delay in the preparation of these remarks and I did not receive them until after 6:00 P.M. yesterday evening. It is also a fact that Mr. Holloman made no effort at any time to follow up on Mr. DeLoach's Office to remind them I should have the remarks sufficiently in advance to give me some study.

Very truly yours,

John Edgar Hoover

Dear Mr. Babb:

Your thoughtful letter of May 6, 1959, has been received, and I certainly appreciate your interest in writing.

It was most kind of you to extend the invitation to Mr. DeLoach to speak at your Department Convention between June 26 and 28, 1959, but, unfortunately, I know that he has other commitments which are going to keep him in Washington at that time. I am sure he would have enjoyed being with your esteemed group.

I would like to extend you our best wishes for a most successful convention and am looking forward to hearing from you again whenever we can be of service.

Mr. DeLoach called shortly before 9 AM this morning and indicated that he would be on sick leave until about noon today. I talked to him. He stated he had developed some chills and a slight fever at Charleston but that he was feeling considerably better this morning. I told him there was no reason why he should come into the office today but he insisted that he was well enough and unless his condition changed, he would be in.

Inspector Robert E. Wick is out on sick leave for the third day today. He came into work on Tuesday, June 16, and had such a severe cold and was feeling so miserable that he went off on sick leave about noon. Mrs. Wick advised this morning that Wick dressed and tried to come into work this morning but he has such a severe cough that he would not be able to do any business on the telephone and this plus the fact that he is still not feeling up to par caused him to decide to remain home for another day, hoping his condition will be better tomorrow. In view of the likelihood of his return tomorrow, I do not think a letter would be warranted.

While undergoing a physical examination at Bethesda Naval Hospital in May, 1959, the examining physician indicated that I was not overweight but suggested that I should lose approximately three pounds. As of 6/22/59, my weight is 184 1/2 pounds. It was 187 1/2 pounds at the time of the examination.

The results of the physical examination reflected that my eyesight was 20/30. The nurse who handles the eye examination gave no indication whatsoever there was anything wrong with my eyesight. To the contrary, she expressed surprise at the rapidity with which I read the various charts. I, therefore, do not plan to consult a physician regarding my vision. In the event, a second examination is desired in order to clarify this matter, I will, of course be guided accordingly.

Dear Mr. Hoover:

Your letter of July 6, 1959, regarding a promotion to Grade GS-17 was received with deep appreciation.

The everyday joy I experience at being permitted to represent you and the FBI before the public is a great source of satisfaction to me. It has been very gratifying to witness the men in my Division sincerely develop the same feeling. The goal of making every Agent in the FBI conscious of his responsibilities in this regard will never be reached, but the challenge in attempting this goal serves as a constant inspiration.

Thank you for the trust and faith you have shown in me. I guess every individual has a desire to pursue a career of his own choosing. You have allowed me to find mine and at the same time have amply rewarded me for the type of work I enjoy doing.

Sincerely,

D. DeLoach
